Mr. J. H. Alexander left on Sunday morning for Calgary.

This is not a slack time for all of us. We noticed the C. N. R. agent calling up his dates the other day, and we are told he lately purchased a couple of pens; Eastern Canada excursion tickets are on sale from December 1st to 31st, and he evidently anticipates a busy month.

Mr. A. G. Flowelling, who has been residing with his sister, Mrs. Armitage for the last six months, left for Guelph, Ont., on Tuesday morning where he will spend the winter.

Your health depends upon good teeth. Your appearance also is improved by a nice, well set of teeth. Dr. Taylor, Dentist, Alaskan. Go any day.

Once a year is certainly not too often for a trip to the old home of the old home town.

Superba's Fine Record

When the chairman, Mr. W. D. Bentley announced at the Box Social held at the Superba School house on Wednesday last that the residents of the district had contributed upwards of \$1,200.00 for the Patriotic Fund, the news was received with considerable enthusiasm on account of the record for the whole Province of Alberta having been broken. Up to that time the largest amount contributed by any country district in the Province was \$800.00.

A large number of people turned out for the occasion and were not disappointed in the quality of the entertainment offered. The fine floor of the schoolroom was used for dancing until four the following morning, with an intermission at midnight during which auctioneer Dial wielded the hammer and disposed of twenty or more boxes tastefully decorated and generously filled at prices which reached the \$100 mark more than once. Although everyone knows the names in the boxes are supposed to be kept in the strictest secrecy, there is some reason for supposing that in one or two cases at least this information in some manner leaked out. Witness the enthusiasm of several more males in connection with certain boxes which to all intents and purposes were in no wise different from the others.

That fine old custom of close inspection, signature of the National Auction was in some number overlooked a circumstance which at this particular time is somewhat regrettable.

Successful Bazaar

The ladies of the Oyen Red Cross Society held a successful Bazaar at the Methodist church on Saturday last. The hour was under the able management of the president, Mrs. J. W. Robinson. The church was beautifully decorated for the occasion, and the stalls were laden with good things although before the day was over there was very little left to be sold.

Two beautiful quilts were raffled, one an Autograph quilt made by the children of Oyen school, which realized \$47.10; and a pieced quilt donated by Mrs. J. H. Brincomb, which brought \$40.45.

The following ladies assisted at the stalls: Misses R. Scott, M. Alexander, T. Dial, D. Stata, T. Woods, Jean Alexander and Minnie Spaulding. Mrs. Menchman, Mrs. Barbour, Mrs. Oley, Mrs. Barbour, Mrs. Price, Mrs. Nalanth, Mrs. Wright, Mrs. Owens and Miss McPherson.

The total proceeds for the day amounted to \$294.00.

A competition will be arranged by the skips and executive committee which will take place on Christmas day and all members will take part.

"Always for the Best"

OYEN,

ALTA

"To throat in the eyes" originated in the early days of General Grant's campaign, wishing to surprise the Trenchardians, who, having been advanced in front, causing a great deal of trouble, and the face of the enemy, blinding them to the discovery of a flank movement. It was executed in the taking of the coveted heights in their rear.

The Appeal of Sir Robt Borden For National Service

Ottawa, Oct. 23, 1916.

To the People of Canada: The world-wide struggle in which our Empire is fighting for its rights its liberties and its very existence, has continued for more than two years. Every effort that could honourably be made on our part to avert war was put forth with the deepest earnestness and sincerity. There was no escape from the contest save in dishonour and ultimate disaster. The wonderful extent and thoroughness of the enemy's long and careful preparation was imperfectly understood at first, and the magnitude of the struggle has surpassed all anticipation. Great Britain's first expeditionary force has been increased more than twentyfold and that of Canada more than twelve fold. The climax of the war is rapidly approaching. The last hundred thousand men that Canada will place in the fighting line may be the deciding factor in a struggle the issue of which will determine the destiny of this Dominion, of our Empire, and of the whole world.

The most eloquent tribute would fall to do fitting honour to the youth of Canada who have already rallied so splendidly to the colours and whose heroic valour and glorious achievements have crowned this Dominion with imperishable distinction before the world. Remembering the sacrifice by which that distinction was won, we recall with solemn pride the undying memory of those who have fallen.

In the history of every people there may come such a challenge to the spirit of its citizens as must be answered in service and devotion if the nation is to have an abiding place in the future. The events of this war bring that challenge to-day to the manhood of Canada.

Since the war began more than three hundred and seventy thousand men have enlisted in this Dominion. Two hundred and fifty thousand have gone overseas and more than one hundred thousand are now in the battle line. During the first ten months of the present year, the number sent forward will aggregate one hundred and forty-one thousand. From 1st January to April 15 of this year the enlistments were at the rate of nearly one thousand per day. Up to the present our forces have been enlisted and organized more rapidly than facilities of transportation and accommodation in Great Britain could be provided. During the past four months the number of enlistments has greatly decreased, and having regard to future needs the time has come for this appeal.

Notwithstanding the success of the allied forces in various theatres during the past summer, there is reason to know that the enemy is still strong and determined. A mighty effort than may be imagined is necessary to secure a conclusive victory. The war must have no decisive result that lasting peace can be secured. We are fighting not for a truce but for victory.

In all mechanized appliances which have played a great part in this war the allied nations have almost if not quite overtaken the enemy's standard of preparation. Therefore the result will depend upon the organization of the man power of the allied nations. Canada must be strong and resolute in that great endeavor.

Our strength can be most effectively thrown into this conflict by utilizing, in all our national activities for sustaining the agricultural, industrial and commercial stability of Canada, those who through age or by reason of physical condition are not available for service at the front; to the end that we may place in the battle line the greatest possible proportion of these fit for military service. With this view the government has asked the Director General and the Directors of National Service to undertake duties of the highest importance and urgency. It is imperative that the men and women of Canada, individually and through their various organizations, shall serve the nation in these capacities which their services may be of the most value. Thus, it is the urgent duty of the Canadian people to join with the government in organizing the full power of the nation in terms of human energy.

Under these possibilities with which I am invested and in the name of the State which we all are bound to serve, it is my duty to appeal and I do now appeal most earnestly to the people of Canada that they assist and co-operate with the government and the Directors of National Service in the endeavor for this purpose. To men of military age I make appeal that they place themselves at the service of the State for military duty. To all others I make appeal that they place themselves freely at the disposition of their country for such service as they are deemed best fitted to perform.

And to the women of Canada whose spirit has been so splendid and so inspiring in this hour of devotion and sacrifice, I bid God-speed in the manifold works of benediction in which they are now engaged, and I pray them to aid still more in every field of national service for which they may find themselves fitted.

Let us never forget the solemn truth that the nation is not constituted of the living alone. There are those as well who have passed away and those yet to be born. So this great responsibility comes to us as heirs of the past and trustees of the future. But with that responsibility there still comes something greater still, the opportunity of proving ourselves worthy of it; and I pray that this may not be lost.

Pity The Poor Bachelor

Of course we all know that it is his own fault and all that sort of thing, and on ordinary occasions we look down upon him with deserving disapproval we can well afford as Christmas comes around to overlook his many deficiencies and remember perhaps that the Season which is such a happy one for those with family ties, is apt to be a sad and lonely one for him if he has reason to feel that at a time when good fellowship and good cheer should prevail a small part of it at least is not extended to him. That fine old receipt for happiness which has been preached from time immemorial—making someone else happy first—is just as true to-day as when it was first pronounced, and if this view of it has not struck you before, if you have never tried it, just decide to make a start this year. There is no greater reproach to be laid at the door of any town than to say that its people are not hospitable.

In newer communities the spirit of Xmas is apt to be overlooked as being of comparative unimportance. As a matter of fact it is of very great importance. Let this be a happy Xmas for everyone in Oyen.

Patriotic Meeting At Acadia Valley

A very enthusiastic meeting of the local branch of the Canadian Patriotic Fund was held in the hall on Saturday Dec. 16. A systematic canvass of the district is to be made in the interests of the fund. The following chairmen were appointed: W. Wescott, R. L. Johnston, Jas. Chivers, G. L. McLeod, F. C. Bohannon and F. A. Pope. Each chairman will choose a committee in his own district. No difficulty is anticipated in raising the five thousand dollars required, as every true patriot feels the obligation of enlisting the dependents of the boys who have gone to take up arms in our defence.

A One Man Tractor

The most powerful 3 Plow Tractor in the world. The Bates Steel Mule is the most powerful Tractor in the world of the three plow class.

With a draw bar pull on its plowing speed of over 3,200 lbs, it gives a reserve power to draw on which will pull its three plows through almost any kind of soil, at a good speed.

When this power is compared to the Horse (two 2500 lbs.), that three plow tractors usually have at their plowing speed, it can readily be appreciated by comparison that the Bates Steel Mule not only is the most powerful three plow tractor in the world, but is so with a large margin to spare. And further more because of its transmitting its power through the gears to its draw bar by means of a "Crawler" instead of a wheel. This big power is available in the Spring when the soil is not too hard, and where under the same conditions the pull of a wheel tractor might drop to less than 600 pounds.

The "Crawler," together with the Compound Lever Hitch, makes the Bates Steel Mule just as powerful a puller in the Spring when the ground is mellow and soft, as in the Fall when the footing is dry and hard.

It does everything that horses do, and does it better, quicker and cheaper. It burns kerosene or gasoline. For full particulars write or see—

OilPull Means This

FUEL at one-half the price means lower operating costs, smaller upkeep expenses and bigger profits.

Bear in mind that the OilPull is the only tractor that will successfully burn kerosene and cheaper oil fuels at all loads, under all conditions—all the time.

The OilPull, through deep plowing and thorough soil working, is increasing crops for a great many Diesel owners—in some cases doubling them. Burning kerosene, the OilPull adds this increase to your bank account at the lower possible cost.

A more dependable tractor than the OilPull can't be bought and you will find it able to take care of all your power jobs, whether draw-bar or belt. Two sizes, 15-30 and 30-60 horsepower.
